

LAUREL MARTYN DANCE TEACHING SYSTEM (LMDTS): TEACHING MANUALS

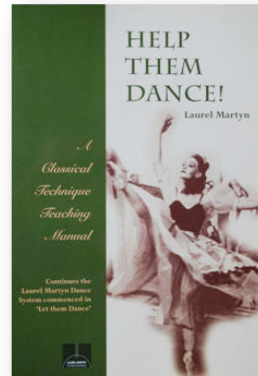

LET THEM DANCE!

A preparation for dance and life - The Laurel Martyn Dance System Preparatory Program

This program prepares the student's mind and body over approximately four years for the introduction of specific dance and other movement techniques. The progressions described show how the art of dance develops from the basics of movement, combined and interwoven with time, weight, space and flow in all their aspects.

HELP THEM DANCE!

A comprehensive Classical Technique Program to follow the Preparatory Program

This manual continues the development of movement through a comprehensive and carefully graded program, from the basics of classical ballet steps and exercises through to professional standard. The program emphasises the principle of the Divided Exercise, the consistent development of all elements including head, eye and breath coordination, and the importance of encouraging creativity at all stages in the development of the body instrument.

DANCE is

A straightforward and nonspecific approach to the LMDTS Preparatory Program

Suitable for dance teachers and general movement practitioners alike, this is a guide to the basic foundations of dance and how to create progressive learning pathways for an effective Preparatory Program. Set out in four parts – Movement, Space, Time and Quality, each one discussed and explained in relation to teaching dance, with example exercises and class plans.
